Slide 1 — “Why We Don’t Post Fixed Prices
— And Why It's to the customers' advantage”

Slide 2 — Every Move Is Different
No two deliveries are the same.
Different loads. Different routes. Different truck sizes.
One fixed price can’t fit everyone.

Slide 3 — Your Load Affects Your Cost
Boxes, equipment, food items, machines…
Each has its own weight, handling needs, and space requirements.
Your load decides the real cost.

Slide 4 — Location Matters
Pickup spot, delivery route, distance, accessibility…
Some places need bigger trucks or specific drivers.
This naturally changes the price.

Slide 5 — You Avoid Wrong Estimates
Posting a general price will only mislead you.
DM pricing means you get the exact amount for your specific move.
No surprises. No hidden issues.

Slide 6 — DM = Fast & Accurate Quote
Send your details in the DM.
We check your load, route, and timing, then give the right price immediately.
